MRS. BOLEN - We would like to thank Mrs. Bolen for her services above and beyond the call of duty. She was the "spark plug" and the instigator of the speed of production.

MRS. TAYLOR - We are forever indebted to Mrs. Taylor for her advice and cooperation through the entire project. She saw that we were always on the right track.

HISTORY OF THE EVOLUTION OF OUR SCHOOL

Our schools were established to attempt to guarantee each child an adequate education. The amount of education necessary when schools were first established was much less than that which is required for today's complex society. As our society changed so did the philosophy of our schools. Schools have attempted to keep up with the changes of our times and in so doing have had to make changes in their organization.

Washington Township School District was no exception to this action. Before 1915 all of the education was carried on primarily in one room school houses. In 1915 a milestone in education was reached by the construction of part of the present brick structure. This action created a school which rated well with any around. This step was accomplished by a community which desired the best in education and was led by the board of education at that time. That board included H. W. Hubner as president, I. N. Wade as vice-president, and members F. W. Opperman, J. M. Gundy, and Robert Digby.

In 1938-1939 another forward step was taken to provide a better and more complete education program. This was accomplished by the addition of the gymnasium and necessary remodeling to the building.

Now we find ourselves in the midst of another re-organizational process. This the board has found to be necessary if the school is to meet the demands of today's world. Today, as yesterday, we must keep striving to improve or we shall fall behind. Each step taken must be for improvement, but we shall never reach a position where we can afford to stop improving.

The consolidation goes back at least 4-5 years. It was first talked about in community groups, progressively growing larger as time went on. Next, the county board asked the local boards to think about consolidation, and see if it would not solve some of the outstanding problems. In considering this proposition, the board consulted neighboring boards to get their opinions. The question was then discussed by several community groups. To better understand the consolidation and how it would affect the school, a survey committee was hired from the Bureau of Educational Research at Ohio State University. In September os 1957, this committee reported that they felt, in view of the facts, it would be best to consolidate the districts. Following this, copies of the reports were circulated to the public, and the people in numberous meetings, were given a chance to vote their opinions. The general consensus of opinions was that the districts should be consolidated. Thus the board petitioned to be consolidated on November 11, 1957. Following proper procedures, the county board announced the consolidation December 16, 1957 and, after a 30-day remonstrance period, the district became official.

The name of the district was picked with no particular method or significance. It was suggested by one of the board members and all seemed to like it, so Otsego Local School District became a reality.

Tribute should be paid to those people in the past and present who have so well made possible the opportunities for our youth, to the board members who have worked many hours studying, discussing and explaining our problems in education, and to the teachers who have co-operated along the way. Special tribute should be paid to each resident of the community who took time to become acquainted with the problems of education and gave of himself to provide better opportunities for our future citizens.

CLASS HISTORY

In September of '54, we were initiated by the sophomores, and we were kept busy during that week of horror, dressing in weird costumes, and executing hilarious antics to everyone's amusement but not to our own. We all survived and celebrated the conclusion at a party given for us by the sophomores.

During the year, we had a hay-ride party and picnic. At Christmas time, we exchanged gifts and holiday greetings in celebration with the sophomores.

We sponsored two chapel programs this year.

This terminated our year as freshmen.

Our first party of '55 was the freshman initiation. We were certainly glad to be on the initiating end this year, but, nevertheless, we all had a wonderful time.

Our first money-making project of the year was selling iron-on initials, and from this we netted $25. Every little bit helps, you know.

After Christmas we put on a one-act play for the school. It was a great success and we really enjoyed doing it. As a result, we can hardly wait until next year when we will put on our Junior play.

In April we celebrated the coming of Spring with a picnic at Oak Openings. We went to a show in Toledo afterwards.

As Juniors, ours was the responsibility for taking over the candy store. It was this source that gave our treasury a real boost.

At Christmas we sold chocolates.

Our rings arrived in November and we found that they were the same as last year's. We concluded that it just showed that we had good taste too.

During the year we had a skating party and a pancake and sausage supper.

Our play "Nearly Sixteen, " was a howling success.

Now in the school year '57-'58, our class has its "mits" in selling magazines, sponsoring suppers, and supporting several other methods of eking out funds for an anticipated trip.

We are all looking forward to the Junior-Senior Banquet, May 17th at the Toledo YMCA and hope that the junioes are doing likewise.

SENIOR CLASS PLAY

FIRST ROW: Shirley Morelock, Terry Sheline, Ellen Miles, Floreine Rudolph.
SECOND ROW: Robert Miner, Richard Conrad, Gerald Hardy, Robert Cron, Larry Matheny, Mrs. Moore.

CAST

Henry Breckenridge - who hates to work anytime . . . . . Robert Cron
George Breckenridge - His cousin, who hates the same . . . . . Larry Matheny
Mrs. Lennox - Who wants her rent . . . . . Floreine Rudolph
Helen Allen - Helen's younger sister . . . . . Ellen Miles
Clancy - A police investigator . . . . . Gerald Hardy
Wiggins - His assistant . . . . . Richard Conrad
P-Sam - A negro house boy . . . . . Robert Miner
Delicia - A negro maid . . . . . Shirley Morelock

Henry and George Breckenridge, cousins, find themselves temporarily in a state of financial embarrassment when their landlady demands a deposit on the rent. Available money arrives by wire when a family friend telegraphs expense money for Henry's father to entertain the friend's two daughters over a week-end. The father being in Mexico adds to the difficulty. To meet the requirements of a chaperon, George plays the role of "Grandma" in a hilarious duel characterization.

The girls arrive with their colored maid, who makes an instant hit with P-Sam. Both Helen and Cecile are drawn to "Grandma," especially Cecile, who makes "her" life bearable by kissing her every other moment. Henry and Helen soon find much in common, when Mrs. Lennox, her suspicions aroused and her false hair missing, appears and demands explanations.

It is finally necessary for "Grandma" to leave permanently in order to untangle the complications involved, for Mrs. Lennox wants her clothes returned and Cecile learns that George's kisses are suspiciously like "Grandma's." Then Delicia, who has decided to make a matrimonial excursion with P-Sam, demands to be made an honest woman as there had been no real chaperon during the week-end.

CLASS POEM

Introducing the class of '58
Three girls, five boys, who really rate.
These poems may not be under-stated,
But then the class won't be under-rated.

Bob's hair features the casual look.
He fancies himself, a pretty good cook.
He delivers papers on his faithful 'cycle,
And plans on earning much more than a nickle.

Another Bob has the last name Cron.
He's short on hair, but long on brawn.
A real gone horn, a tooting man.
Arla is his favorite fan.

Ellen Lee is a very good cook.
Her figure rates a second look.
Being Y-Teen president is her job,
Somehow she always controls the mob

Larry, Larry, quite contrary,
How does your boxing go?
Your teachers will remember you,
And your girl friends all in a row.

The tallest girl is first named, Terry.
She's calm and cool and sometimes merry.
As Majorette, when she struts by,
The boys all whistle, the girls all sigh.

That was Terry, next follows Mike,
And that is quite the usual sight.
He's been class president for two years straight.
His sisters know he likes sleeping late.

Doug is the boy with the wavy hair.
He never seems to have a care.
A "hard working" basketball player is he.
Doug's future is shrouded in mystery.

Floreine is the Hi-Bee editor.
In her spare time she madly writes letters.
It's too bad she can't settle down,
But now the world, she wants to go 'round.

CLASS PROPHECY

As I, Floreine Rudolph, began my annual 'round the world trip to sell my famous Buckeye Red ponies, I decided since this was the year 1968, to visit my old classmates, the eight seniors of "58", and see how they were treating life.

First off, since it was only a half hour's hop by helicopter over to Detroit, I stopped off to visit the new owner of the Ford Enterprises, Inc., Bob Miner. Shortly after graduation Bob took his paper route money (he also sold his bicycle) and bought the Ford Motor Company. Two whole years after graduation Bob married Edsel Ford's granddaughter. Carrying on the family tradition of naming new lines after new arrivals, Bob opened a bicycle branch and named it "Bobso", after his son Bob, Jr. Since then Bob has become the father of four lovely girls, whom he named Mark 4, Mark 5, Mark 6, and Mark 7, and created these new lines. Bob told me his wife insisted on giving the girls very feminine middle names so they wouldn't feel slighted.

While stopping at my favorite city of Washington, I saw a very distinguished looking man, dressed in a black suit, carrying a black brief case and wearing dark glasses. He was being followed by two beautiful blonds rushing across Pennsylvania Avenue. Could this handsome man really be Doug Sautter for that is who it looked like to me? I "gunned" the motor of my car and knocked him to the side walk. I got out and went back to pick him up, but "lo and behold" the two blonds were already doing that. Doug told me he just couldn't decide which girl to marry so he had hired them both as secretaries. Doug also told me that he had gotten interested in his pet phrase, "There are places for people like you", and had looked into the state of prisons and other places, and become an outstanding social worker who shuttled back and forth between Ohio and Washington, D. C.

Next, I stopped in Florida and visited the winter quarters of the circus. A soprano voice yelled, "Get out of the way", and a big beautiful blond, dressed in beige and gold, riding a black horse, bareback, calmly knocked me into a mud puddle. This seemed familiar and I felt a hand lifting me by my hair. Yes, it was "Brass Knuckles", Terry Sheline. The last time I had seen Terry she was going to a beautician school, so I asked, "How come the circus costume?" She said that she had gotten a job in Toledo, and was doing real well until one day a man asked her how she would like a modeling job. She went off to get the job and forgot all about a woman she had left under the dryer. The woman's hair burned completely off and Terry left the state with the next circus train. So then, naturally, I asked if she had heard from Mike Chenetski and she pointed over to a lion's cage and there stood Mike, with his head through the bars, rubbing noses with his favorite lion, Goldylocks. Mike has taken Clyde Beatty's place with the circus, he never used a whip, but trained his animals with generous doses of love and affection. In his spare time, because he wanted some excitement, Mike raced his sports car at Daytona Beach.

That night in my hotel room I read that the Maharaja of Matadoor, Larry Matheny, was spending a night, with his harem, off the coast of Florida before going through the Panama Canal (which he owns) and touring the Pacific. I cabled the ship and Larry told me all about the pining life which he had been living furiously since he graduated. The Marines made the mistake of sending him to India and he stayed there for four years, then picked up a discharge, 10 wives and $2,000,000. Larry said the cost of living, with 10 wives is terrible. Before he runs through his second million he said that he would have to leave them and come back to the U.S. It seems the Panama Canal wasn't making enough profit for the family.

Maharaja Matheny told me if I wanted to see Bob Cron I'd have to go to Austrailia, where Bob owns a big chunk of land (he also owns New Zealand). As I registered at the Hotel Austrailia, I heard a voice crooning from the dining room. It was (you guessed it), Crooner Cron and his all Austrailian Bushwoman Orchestra and Chorus. Besides singing, playing his coronet, and leading his orchestra, Bob told me his Mongoose Ranch (on which he raises mongeese), is doing very well, thanks partly to his wife's management and money.

I still had one senior to see, Ellen Miles. Ellen, who had married right after graduation, lives in Monterey, with her husband and four children. Ellen, opened a chain of roadside restaurants, called Miles' Milestops, on all the nation's main highways. These, using her original recipes, were constantly patronized by truck drivers, who brought in sufficient money to keep the family in the manner to which we all should be accustomed. In Ellen's spare time, she became the country's head 4-H leader, and became so well known, that the 4-H's are practically changed to five--Head, Heart, Hands, Health, and Harold.

This will be the life of the class of 1958 in the year 1968, so don't say you haven't been warned.

LAST WILL AND TESTAMENT

We, the eight seniors of the class of 1958 of Tontogany High School, after completing 12 years as well and as soon as possible, being of sound mind, body, and hear, do make and declare this to be our last will and testament, revoking all wills heretofore made.

To the juniors, we will our ability to make money, providing they have less competition doing it than we did.

To the sophomores, we will our ability to have half the class on the honor roll, providing they cut their class down to proper size.

To the freshmen, we will our dignity and modesty, providing they have more than we did.

We, the senior boys, will our unofficial motto, "It ain't what you do, it's what you get caught doing," to Larry Downs and Glenn Shank, providing they profit by our experience and example.

We, the senior girls, will our gentle ways and ability to defend ourselves, to Sharon Olwick and Linda Oberley, who always seem to need them.

I, Terry Sheline, will my custom of being a cheerleader all four years to Annie Chenetski, providing she never wears bermuda shorts as a cheerleading costume.

I, Robert Miner, will my beloved and faithful bicycle to anyone who, in its next 25 years, will give it the same care and affection to which it has been accustomed.

I, Ellen Miles, will my job as Y-Teen president to David Olwick, providing he can be accepted into the organization.

I, Douglas Sautter, will my wavy hair to Tom Munn, providing he doesn't cut it as I have mine.

I Floreine Rudolph, will my job as Hi-Bee editor to Mary Brandeberry, providing she can think of a quotation from "Gone With The Wind" to suit every occasion.

I, Robert Cron, will my ability to get very far on little gas to Richard Euler, providing doesn't get farther than I can.

I, Michael Chenetski, will my charming ways to Tom Rider, providing he goes with Cookie as long as I have with Terry.

I, Larry Matheny, doing as well as I have done while treading the steps of T.H.S. do will (wishing to be free of the condition) my uncanny ability to find myself in precarious positions with trouble to Steve Ribble.

So it shall be written! So it shall be done!

JUNIOR HIGH-LIGHTS

On september 6, the Junior class entered school, looking forward to the year ahead.

At the initial meeting the following class officers were elected:

President	Marilyn Digby
Vice-President	James Downs
Secretary	Sandra Peinert
Treasurer	Rose Ribble
News Reporter	Mary Lou Bechstein
Concession Manager	Richard Euler
Sponsor	Mr. Rudolph

Our goal this year was to raise the necessary funds for the Junior-Senior Banquet and an anticipated trip for our Senior year. It was slowed down some by the dishearting loss caused by the school theft shortly before the Holidays, however, our plans continued. Throughout the year the candy store was opened at noons and during basketball games affording us a fine source of income.

We embarked on other money making projects as well. Beautiful boxes of Christmas candy were profitable selling items. A fish supper was held in the cafeteria, December 6th, before the Grand Rapids basketball game. A bake sale was held at Current's store on February 15th. Two suppers were sponsored in the latter part of the year.

Early in the school year an ice cream party was held at Marilyn's Grandmother's at which time everyone enjoyed the games played outside. Counting tax stamps at the home of Sandra Peinert gave us another good time.

It was an exciting day when we received our long-awaited class rings. For sometime they were evident around school as we proudly displayed the attractive insignia. At least, we thought so.

The "hustle and bustle" of staging a class play took up considerable time in the early spring. It proved an enjoyable experience for everyone, April 11th.

The Junior-Senior Banquet held May 17th at Toledo YMCA, was one of the most colorful and interesting events of the year.

Then, of course, came graduation. As we escorted the seniors down the aisle, we could not help wondering how it would feel next year.

Liz and Connie are all set for their vacation in Hoppsville with the hope of dating some of the Fabulous Football players one of which is the droolsome Thumper Archibald plus a few of his buddies. They are quickly halted by Aunt Elizabeth and her old-fashioned ideas. She puts the girls to some pretty dull house work. She has them dating her dull son Lester and his friend Albert who seems equally dull "at first."

The girls communicate with their boyfriends through the constables twins Freck and Speck. Aunt Elizabeth's parlor is quickly turned into a ruckus room for teen-agers, until Aunt Elizabeth returns from a shopping trip.

Thumper Archibald kidnaps Connie with the intention of marrying her. With Connie missing, the world turns upside down. Liz is frantic with worry, Aunt Elizabeth, outrated, phones Connie's mother, and decorous Lester lands in jail for stealing a car that he innocently borrowed. Connie's dear mother gets into a hairpulling fight with Aunt Elizabeth. Never, never has there been such an explosive 4th of July with so few honest-to-goodness firecrackers!

SOPHOMORE HIGH-LIGHTS

We, the Sophomores, opened our 1957-1958 school year with 23 members in our class. For this we elected the following officers:

President	Larry Downs
Vice-President	Charles Current
Secretary	Betty Michaelis
Treasurer	George Scherff
News Reporter	Jim Vollmar
Sponsor	Mr. Slesinger

In the early part of September, a few weeks after school had started, we had a weiner roast at Doreen William's home. Mr. Bruck, our sponsor for the first semester, came with all kinds of entertainment in which all participated. Then we had refreshments with more games following. After it was too dark for the games, we listened to records. Everyone had a wonderful time.

At Christmas time we exchanged names and on the day of Christmas vacation we had our usual party, at which time we opened our gifts.

In the Spring, when the weather became a little warmer, we had a picnic. We went to a show afterwards in Bowling Green, Ohio.

All in all, we considered this year to be very successful. We hope that our Junior and Senior years hold as many rewarding experiences in store for us as did our first two years in high school.

BAND

During the summer of 1957, the band had a record amount of activity centered around parades and a concert. Early in the season we marched in the Tontogany Memorial Day Parade. Other parades attended were Waterville, Whitehouse, Grand Rapids Festivals and the Firemen's Convention at Bryan. In order to raise funds the members sold hot dogs at the Soybean Festival. On Wednesday night of the celebration we presented a concert. As usual the band traveled to Pemberville to participate in the parade there.

When school began, we prepared for our winter concert and for the Halloween parade. The night of the parade every member was doing his best and the band played and marched near the peak of its ability. The band saluted Terry Sheline for her faithful and sincere guidance throughout her years as head majorette. This helped to add to the sparkle of the night!

On Sunday, November 24, the band presented its annual Winter Concert in the gymnasium. Regardless of the absentees caused by the "flu-bug" the band played a successful concert to a large audience.

With contest music and marches we kept busy throughout the year. We played at the Wood County Basketball Tourney on February 21st. In March, the band presented a concert of contest and other music for the parents and friends of the students in the band. Afterwards the Home Economic department served refreshments for all.

With the closing of this year, the band will lose five members, Terry Sheline, Floreine Rudolph, Robert Cron, Ellen Miles, and Robert Miner.

SPORTS REVIEW

This Basketball season was a large improvement over last year, and gave our three seniors a fine season in closing out their high school careers. Regardless of whether it is a winning or losing season, the boys played good hard basketball. I'm sure that Tontogany High School was well represented by these five boys.

John W. Slesinger, Coach

The Junior High Basketball Team completed all games before the tournament with ten wins and one loss. The loss was to Nazarth Hall 66-57. We have six regular players from last year. This probably accounts for our unusual success.
